VALUEWARE™

The Word Processor™

An easy-to-use word processing system especially designed for home use.

Features: Now you can easily computerize and print out all your letters, reports, forms and memos – without previous word processing or computer experience. With The Word Processor, you can CREATE, EDIT, and PRODUCE printed documents effortlessly. And, you can store your ideas safely and neatly on disk for easy retrieval in the future.

An on-screen display allows you to see how your entire document will look before you print it out on paper ('hard' copy).

Data Magic™

A complete general information storage and retrieval system.

Features: With Data Magic, index cards and messy files become obsolete! Now, you can easily store information on a wide variety of subjects, including: holiday card lists, recipes, client lists, "things-to-do" lists, and much more. For reference, any information you enter can be quickly and easily recalled by NAME, DATE, AMOUNTS, etc.

Store your information on disk or print out on paper. An absolute must for home and office organization.

The Calculator & Memo Pad™

An easy-to-use program that turns your computer into a powerful 7-function calculator and a helpful, electronic memo pad.

Features: At the press of a button, your computer becomes an all-powerful, 7-function calculator – capable of performing complex mathematical functions including addition, subtraction, multiplication, division, square roots, memory storage, and memory recall.

The CALCULATOR can be recalled and used to solve mathematical problems while using any of the other programs on this disk. A helpful, electronic MEMO PAD allows instant recall of previously stored information . . . such as phone numbers, shopping lists, etc.
